DESIGNER JEWELLERY

In-house production

Our philosophy in practice

Miglio Jewellery is designed for women who look for originality, value and worth in a world of mass production. Everyone at Miglio works together under a single roof, where operations are integrated from design through to production.

For over 30 years our company has been underpinned by our desire to give something back by creating employment and teaching skills, we strive to create a sustainable future for those less fortunate than we are. Each piece of Miglio jewellery is lovingly made by hands passionate about producing a product you will cherish for years to come.

Earrings

Add a little sparkle...

With our new lightweight earrings you can afford to go big and make a statement.

Earrings are all about detail.

All our earrings are allergy free and gentle on your ears - no more sore ears.

Charming Combinations

Create an individual look

Miglio burnished silver hoops are a classic and chic wardrobe staple - affordable and fabulous.

Earrings say the most about you, so say it in style and experiment with your own choice of Miglio earring charms.

Rings

Specially made for you

All our Miglio rings are handmade and can take up to 7 working days to produce.

Bracelets

Extend Your Style

Stack them, wear them alone or combine two and create a stylish necklace.

Add to your favourite necklace for extra length.

Necklaces

Textured, sleek, timeless...

Let a statement necklace do the talking, layer multiple necklaces to create your own statement piece!

Your choice is endless: Luxurious leathers, a gorgeous palette awaits you;

Luxe pearls, everyone is wearing them; Chain reaction, an amazing variety of styles - sleek and simple or adorned with crystals and charms. Link them together, wear them alone, add interest with a pendant or simply wear long as multiple strands.

The Melody Collection

Our Melody Collection is a symphony of carefully created styles. Luxurious leathers, soft suedes, and delicate notes of shell pearl. Contemporary chains punctuated by progressive pops of bold colour. Intricately detailed burnished silver pieces, evoking a sense of mystique, dancing harmoniously to a chorus of crystal hues.

This collection's soundtrack promises you beautiful style.

Like a composer finds the perfect note, you'll find the perfect pieces to create your very own melody.

Pendants

All Miglio pendants come with our signature enhancer clip. This allows you to simply clip your Miglio pendant on and off any necklace. Add to a simple burnished silver chain, a luxurious leather or an ornately detailed link and bead necklace to create a whole new look.

Slider pendants are the exception to the rule as they have no clip at the back and so can't be worn on all Miglio necklaces.

How to clean your jewellery?

All our jewellery is lead and nickel free.

Each piece is crafted using brass or pewter, before being luxuriously layered in solid silver, burnished and buffed to create our signature Miglio patina.

Clean your burnished silver jewellery with Miglio jewellery cleaner following the instructions on the bottle, avoid using on styles with leather or suede.

Pearls require little cleaning other than being gently wiped with our pearl care kit.

Please do not use chemical or any other commercially available cleaners.
